Dedication

We, the Seniors of 1960, in appreciation of her loyal service throughout the years, wish to dedicate our yearbook to Mrs. Anna Britt. Mrs. Britt, who started some of us on our schooling careers, has been teaching in Rock Creek Township for thirty-two years. During that time she has given much of her time to the learning of many students. We sincerely want to thank her for her devoted effort and understanding.

Class History

In the late summer of 1948, thirteen small frightened children marched into Mrs. Britt's room for their first taste of "school days." Of those thirteen, six still remain to become graduates of the 1960 class. They are George Broom, Ron Hite, Jayne Smith, Tom Smith, Gloria Ralston and Marjorie Hacker. Meanwhile at Markle, our future classmates also gained entrance into a new world. Of the twelve that started there, five still remain. They are Dave Naab, Neil Snyder, Roberta Bailey, Jim Randol and Richard Anderson. During the third grade at Rock Creek, we gained the brains of the class, Wilma Fox. During the fourth grade, the side kick of our class, Josie Line, came into existence at Markle. Wilma left at the end of our sixth grade to join the class at Markle. Judy Stephans came to us during the eighth grade to help us struggle along. Our Freshman year proved to be an exciting event. Markle joined us. From Markle, seven were added to the six at Rock Creek. Also Barbara Seabolt came to help us make life "more bearable" for the teachers. During our Junior year we were gifted with two more classmates, Sharon Robbins and Ron Ashby. This final addition making the total of seventeen members. Here we are at last, graduating from a "world" we were once so frightened of.

Class Will

- I, Jayne Kay Smith, being of sound mind? and free will!, will everything I don't have to any Junior who already has it.
- I, Wilma Ann Fox, will to Richard Bonewitz the ability to sit in the first row, last seat in study hall. You have loads of fun back there until you're interrupted by someone peddling the projector.
- I, George Broom, will my ability to eat candy at noons and not get caught by Mr. Reed to Kay Jordan.
- I, Barbara Kay Seabolt, will to Pam Becker my blonde hair, thus saving her the beautician bill.
- I, Sharon Robbins, will my ability to be mommy on the bus to Dale Boyer. (Take heed, they're monsters!)
- I, Roberta Bailey, will to Marsha Lowery, Jackie Reber's height and figure. (I hope you have better luck with it than I did.)
- I, Ron Ashby, will my typing temper to Bob Keyser. (Use it in good health.)
- I, Judy Stephans, will my typing eraser to Kate Woodward. (If you're like I am, you'll certainly need it in second year typing.)
- I, Gloria Ralston, will my ability to go through Home Ec. and come out an old maid to Ruth Ann Gerdes.
- I, Richard Anderson, will the first seat in the first row in study hall to Butch Will so he may have a head start for the door.
- I, Josie Line, will my cheerfulness and change of moods to Sharon Eliot, and my mastery driving ability to R. M. Seabolt. Smiles go a long way, Sharon. Mastery driving should go a long way too, R.M., take it from Jasie.
- I, Thomas Smith, will to my brother Charly, the honor of having two dates in one night with two different girls. (Good luck, Charly, you'll need it.)
- I, Marjorie Hacker, will the ability of watching birds instead of people to Rachael Brown. (I think you'll find your hair won't turn gray so quickly.)

- I, Dave Naab, will to any Junior boy the ability for their face to turn red when called upon to do something.

SENIOR TRIP
May 15, 2010

The seniors of 1960, will be leaving the state of Markle to relive their senior trip they took 50 years ago. When I arrived Mr. Moore was already there, he still looked fine as ever, even if he was on crutches, and had gray hair. Next to arrive was the former Barbara Seabolt and Roberta Bailey. Barbara is married now to Robert Line, she said they were very happy. Roberta is now president of HAIR MODELERS OF AMERICA. Well look who just drove up, Marjorie Hacker, in the most exclusive Cadillac I've ever seen. Marjorie is head fashion director in the state of Markle. Here comes Tom Smith and Richard Anderson. Richard had to leave his job as owner and director of Miami Beach to go on this trip. I hardly knew Tom, it seems his faithful wife the former Caren Ruyon made him stay on quite a diet, he only weighs about 140 pounds now.

We left Markle on an electronic train built and owned by Dave Naab, who joined us along with his wife the former Jayne Smith, who is now teacher over a class of 120 first graders at the consolidated school of Rock Creek.

Next stop - Washington D. C. - where we found a few more of our class members. First we looked up Neil Snyder who is now personal Dentist to the president. He showed us where to find Wilma Fox. Wilma was deep in her speech class with the congressmen. We found George Broom head of the Air Force and Ron Hite is now an expert on Rockets. Neil, Wilma, George and Ron decided to join us on our trip to New York.

In New York we were joined with others of our class. We found Judy Stephens and Gloria Ralston in business, as having one of the leading beauty centers of New York. Of course where Judy is her husband Ron Ashby will be. We found him at the United Nations Building, where he is one of the permanent members.

We all went out one evening for some entertainment and we found two more of our classmates. These were Josie Line who was singing for her 10th performance in Carnegie Hall, and Sharon Robbins who was accompanying her on the piano.

All of us were now together with the exception of one and we found him in very unusual circumstances. We were all in a hurry to get to Coney Island so we were speeding a little bit. The state police caught us and took us to headquarters. There we found Jim Randol, who is now head of the state police of New York State.

We all went out on the town that night and had a great Reunion. May 21, 2010, tired and happy we all decided to return to our jobs and homes. It was unanimous that we try and have another reunion again in the near future.
